The Ascent Classical Academy Charter Schools governing board has adopted Policy AP-13.0 and 13.1 concerning state assessments. Please see these policies in the Family Handbook for further detail. Summarized, all state mandated assessments are administered in paper-and-pencil format. Parents or guardians may opt their children out of mandatory state assessments and the school will provide opt-out instructions. Students will not be subject to negative consequences for not taking these assessments, and the school will not engage in activities that discourage a student from taking a state assessment or that encourage parents or guardians to excuse students from testing.
